TO THE TRADE.

We beg leave to present you with our new Illustrated Catalogue. We ask you to carefully examine the styles represented in it, and feel assured that you will find them equal to, if not superior to anything heretofore offered to the trade.

Our Cottage Suits are all made of white wood, well seasoned, and all have Maple posts, and are bored for castors. They are not excelled in finish by any house in the trade.

To dealers who require only *low-priced* goods, without regard to quality, we have no special inducements to offer, but to those who now enjoy a reputation for selling good work, and who wish to retain

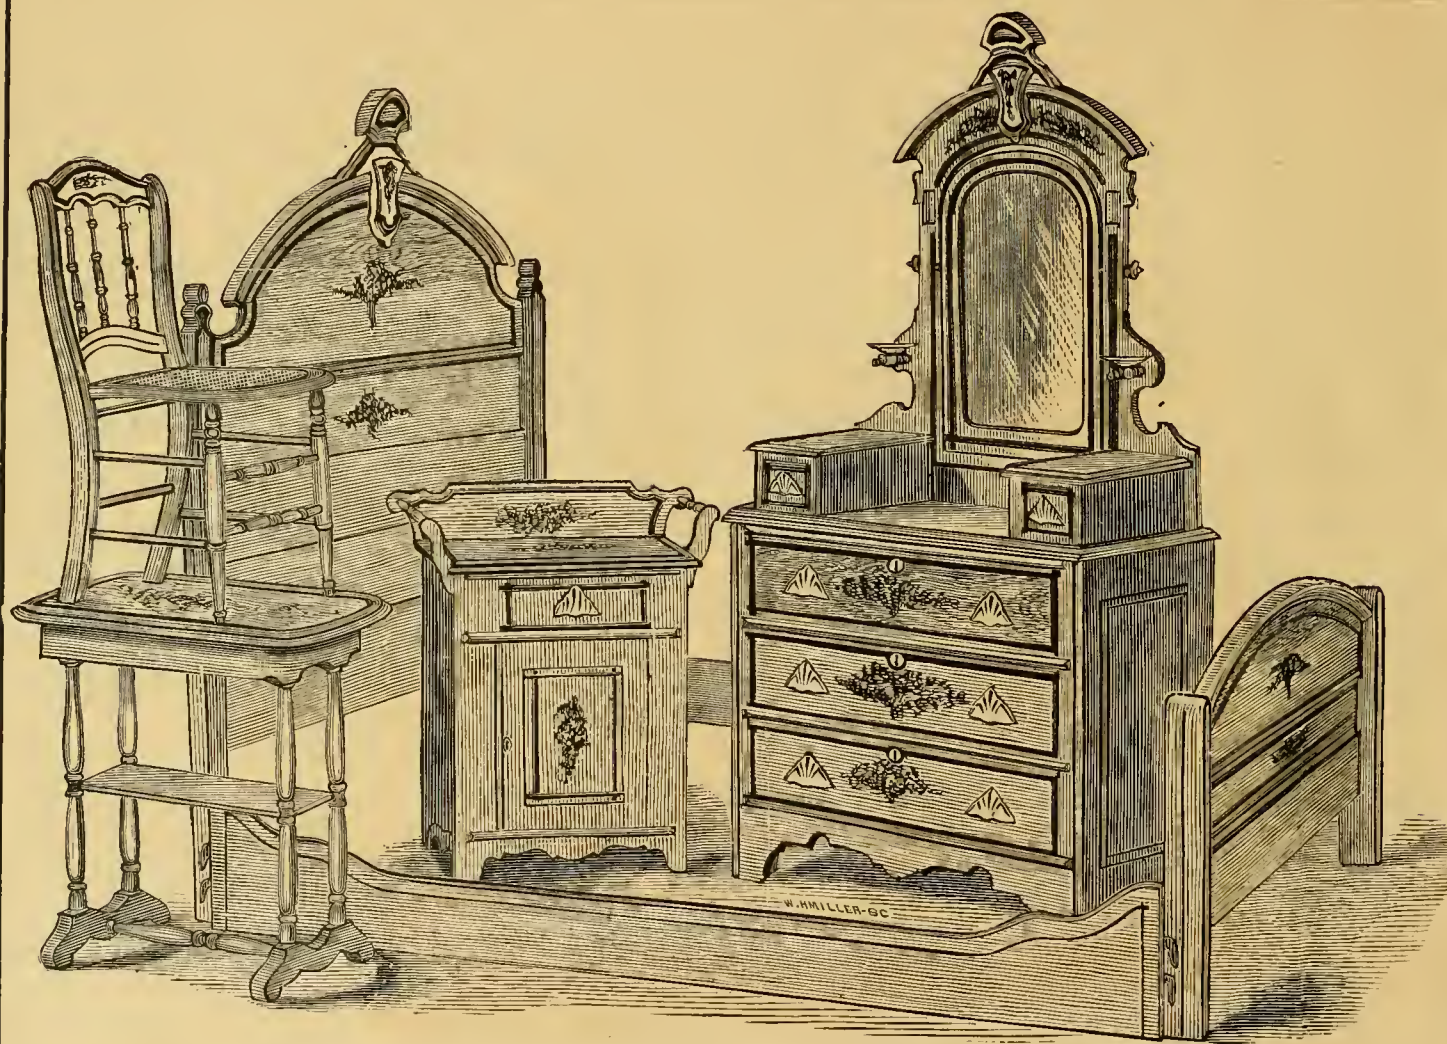

it, these goods will be found to possess very great advantages.

We submit the styles to your criticism, hoping they will meet with your favor. We invite you to closely compare these goods as to styles, size of the articles as here given, and prices, with those of any other reputable manufacturer, feeling quite sure that dealers who want *reliable wares at low prices* will find it to their advantage to give us at least a share of their patronage.

Thankful for past favors, we remain,

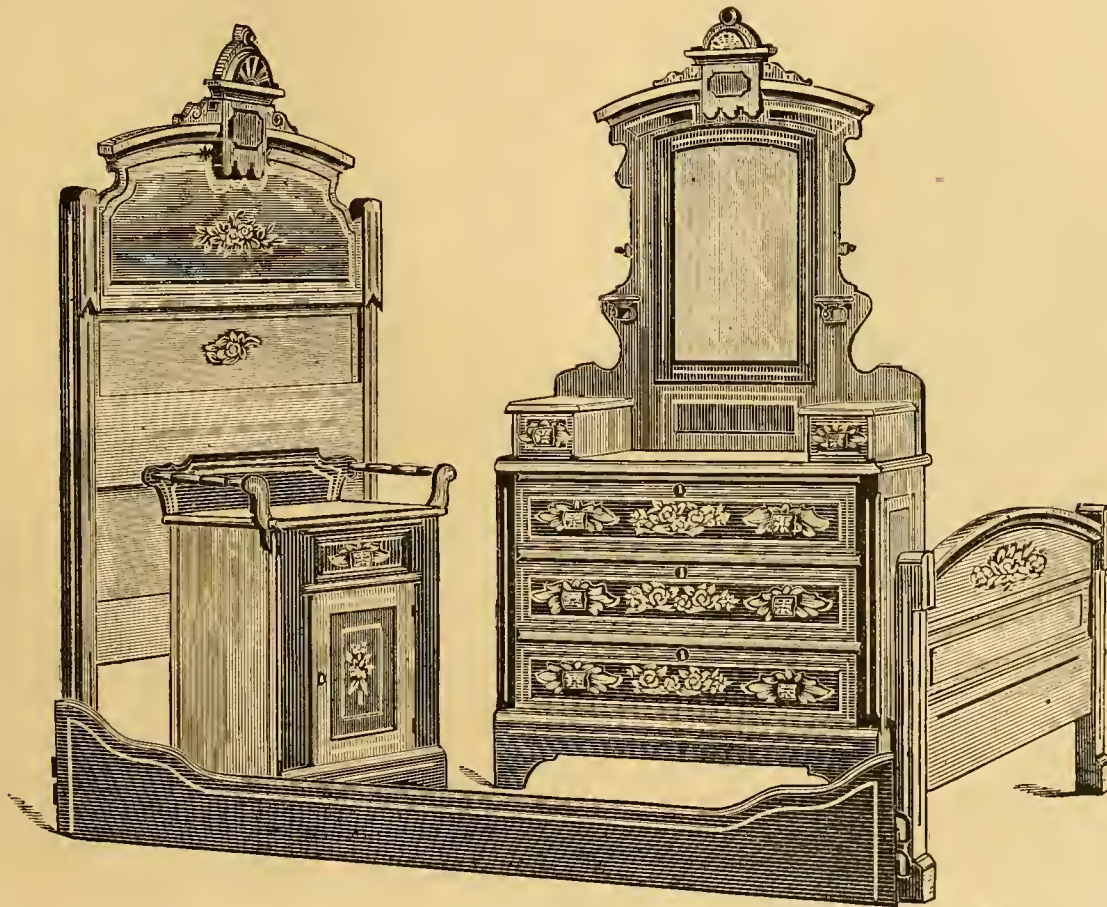

Yours respectfully,

W. T. STEWART & CO.
